

“Dettagli di valore”

Precious Details

2011 Collection

Made in Italy

“Dettagli di Valore”

“Precious Details”

Presentiamo questa collezione di coordinati, creata dalla nostra esperienza e dalla nostra passione, con l'intento di soddisfare coloro che amano vivere in un ambiente dove anche i dettagli valorizzano il loro stile di vita.

Proseguendo lungo l'antica via della tradizione, associando antiche a moderne tecniche di produzione, desideriamo recuperare, con l'ausilio di architetti e maestri artigiani, il gusto della "bellezza senza tempo".

We present this collection of decorative door hardware, created from our experience and passion, to meet the expectations of people who love to live in a place where also the details are synonymous of lifestyle. Following the old road of tradition and associating antique and modern techniques of production, we want to recover, with the help of architects and artisan masters, the taste of "beauty without time".

Bronzo

Bronze

La Collezione Bronzo

La **Collezione Bronzo** si compone di sette impugnature esclusive, realizzate in bronzo da un sapiente Artigiano-sculitore, disponibili in diversi montaggi e completate da alcuni accessori. Eventuali piccole imperfezioni sono da attribuirsi proprio a questa straordinaria peculiarità: l'essere fatte interamente a mano.

The Bronze Collection

The **Bronze Collection** is composed of seven exclusive handles, made of bronze material by a Sculptor, available with different assembling and completed with some accessories. Subtle surface imperfections due to the handmade casting process add a natural beauty and appeal.
